

7 senior electives must cover 2 elective areas, cannot have 7 S courses- can have 6 S courses and 1 non-S.

COURSE SUMMARY

7 courses required
1 must fulfill lab designation
3 must fulfill design
3 can be any- lab, design, other

Senior electives- 400 level courses, not including ® or required courses

Legend: Elective Areas (C= Construction, E=Environmental, G=Geotechnical, H=Hydraulics, S= Structural, Sus= Sustainability, T/M=Transportation/Materials); Designation for electives either lab or DES = design emphasis; ID=class taught at University of Idaho; 1 =418 prerequisite, 2=433 prerequisite
[®]= Required, does not count as a senior elective.
